

THE CHURCH OF  
**JESUS CHRIST**  
OF LATTER-DAY SAINTS  
PACIFIC AREA ADMINISTRATION OFFICE

To whom it may concern

**Re: Won-Door Folding Partitions**

The LDS Church has been a user of Won-Door Folding Partitions for 25 years. These partitions have been installed in our meetinghouses in New Zealand, Australia and the Pacific Islands.

The Won-Door system is appropriate for dividing our large cultural halls and teaching areas into smaller teaching spaces. This system provides versatile space configuration and usage possibilities.

The key reasons we have kept using Won-Door Folding Partitions are:

- The DuraSound Folding Partition provides versatility to accommodate two different types of adjacent activities (ie. Congregational singing and teaching)
- They provide minimal maintenance
- They are robust enough to sustain consistent impact from indoor sports activities
- They have a long lifespan – there are meetinghouses that have 25-year old installations

Won-Door New Zealand is an excellent organisation to deal with. We treat them fairly and they in return treat us as any customer would want to be treated; with integrity, timeliness and courtesy.

Sincerely

David Clarke
